Alfred Basbous (1924 – 2006): A major pioneer of Modernist sculpture in the Middle East, Basbous drew on the influence of **Jean Arp**, **Constantin Brâncuși** and **Henry Moore** to create stone and bronze sculptures of often monumental proportions. The exhibition brings together a series of sculptures from the 1970s to the 2000s, which demonstrate Basbous' exploration of the relationship between form and material. A selection of Basbous' preparatory drawings which reveal his approach to sculpture are also exhibited.

The exhibition will be on view until April 23, 2017
